When setting out to create lenses for your site, always make sure that you provide value for potential readers. Add lots of images, make sure your readers get to have their say once or twice on the page and write about a current issue and you could potentially have a traffic-driving winner on your hands. This is no big surprise.

People would mention you on their social media profiles. Apart from SEO techniques and blog submission, there are many other ways that can make your website reach out to maximum number of potential customers easily and effectively. This has a lot to do with keyword-related searches.

You can customize the setting of the page, how you want to appear post on the page you write, and how you structure it, will be affected by your objective for that lens.
