More leaders are tempted more often to test limits, jostle for power, and seek to bolster their influence – or diminish that of their rivals – by meddling in foreign conflicts. But the Syrian theatre is congested, Iranian forbearance is not limitless, and the likelihood of a miscalculation or an attack gone awry remains a risk.

It seemed that the regime of Bashar al-Assad, with Iranian and Russian help, v But local humanitarian groups are among the most vulnerable to high levels of violence that could yet increase, he added. Without that, the fragile opportunity for peace that currently exists could evaporate. Beckett J. Smith M. Such visions have extra force in the modern world because the uneven impact, intensity and rapidity of technological change of all kinds

destabilises established states, as the collapse of the great empires in the twentieth century demonstrates.
