Again, the study is inconclusive about the long-term impact of Sesame Street  
While New York Magazine reported criticism of the presence of  
strong single women in the show, organizations like the  
National Organization for Women NOW expressed concerns that  
the show needed to be "less male-oriented". Start your free

children from low-income, minority backgrounds tested  
"substantially lower" [18] than middle-class children in  
school-related skills, and that they continued to have  
educational deficits throughout school.
