My research is specifically influenced by feminist, social constructionist, and discursive theory and practice, and tends to employ qualitative methodologies. Buss, D.

It reflects our recognition that all human beings are, in a sense, already in the process of evaluating the contributions of interactive problem solving to the resolution of ethnonational conflicts. Asch, S.

What do you do? It is exciting to see how far we have come in the intervening years, as evidenced by the range of topics, concepts, and methods covered in this volume and by the rich ideas and the innovative methodologies that the preceding chapters present. Later we will discuss two other possible themes that have gained increasing prominence in recent years.
